Subject: Portland Harbor Superfund

I am so saddened at the consistent problems with lack of protection for our environment.....the EPA is becoming known as Environmental POLLUTION Agency. We have had TWO men leave their appointments, due to illegal activities.....I only hope the next person understands what the agency is SUPPOSED to do - and acts accordingly. Here in Portland we take this seriously - and understand the effects of dangerous chemicals and pollutants have in our water and on our land. Please - please do-you-job.  
Thank you, (b) (6)
